

- 4 What is measured using f-stops (8)
- 6 If you are giving me a OnePlus 3, it don't matter if you are black or white. Sure, but what about...well, grey? (8)
- 9 He ain't Beethoven, but he performed at Opera and is now composing Vivaldi. (9)
- 11 Eat your heart out, iPhone. I got both jet black and black on my back. Hah, and I am the stuff of which displays are made too. (5)
- 12 It is easily the most peaceful sounding phone interface around, never mind the fact that some find it too cluttered and confusing. (5)

The Great TechPP Crossword

Across

- 3 The Land of Gold. Oh yes, and also a phone brand. (5)
- 5 They just wanted to sell ten thousand phones when they arrived in India in 2014. Oh me, oh my! (6)
- 7 "To shave or not to shave" was the question this brand's co-founder was asking on Twitter. (4,3)
- 8 Forget Nougat, we are waiting to literally get our hands on an update to this version of Android, and are growing weary too. (4)
- 10 Nature calling? Want to answer but have no room to take the call? There's an app for that loo...er...too. (5,4)

- 13 The new touch on the MacBook Pro. And yes, we were so wrong about calling it a stunt. (5,3)
- 14 I may sound censorious, buddy, but I am the one that switches off the display when you put your phone to your face for a call. (9)

Down

- 1 They are such a reliable name that a lot of reliance was placed on them by people who relied on them to disrupt the Indian telecom market. You bet they did. (3)
- 2 Type on it. Write on it. Write on paper. It accepts them all. What a true Yogi this one is. (4, 4)
